

Local Growth Fund Summary - January 2021

Project Details						Financials	
LOGASnet Ref No	Project Name	Project Description	Project Sponsor	Project Theme	Project Status	Total Project Cost	Total LGF Grant Allocation
DfT000330	The Rep (Development Funding)	This project will transform the frontage and public areas of The REP creating a much more welcoming and accessible entrance that will better connect us with the revamped Centenary Square and surrounding area.	Birmingham Repertory Theatre	Cultural Sector	Delivery	2,700,000	149,897
DfT000337	A457 Dudley Road (Development Funding)	The aim of this project is to improve capacity, accessibility, journey time reliability (including for public transport) and road safety while reducing congestion. This will be achieved by widening the section of A457 Dudley Road between the City Centre Ring Road and A4040 City Road and improving junctions to key development and employment sites along the identified corridor.	Birmingham City Council	Transport	Delivery	5,042,750	5,042,750
DfT000338	Hippodrome Access All Areas PHASE ONE (Development Funding)	Working closely with Birmingham City Council, we have the vision of being catalyst for the regeneration of Southside, linking New Street Station with Smithfields and through to Curzon Street HS2 Station and Digbeth. The project, which will transform our public spaces, will ensure we embed our position as a cultural haven for visitors to the city, whilst also creating a living room for the people of Birmingham and the wider region.	Birmingham Hippodrome	Cultural Sector	Delivery	1,070,000	112,500
DfT000339	Enterprise Wharf	Contemporary, flexible office grow-on space for Birmingham's Tech companies.	Birmingham Enterprise Wharf Limited	Employment	Delivery	31,733,000	5,000,000
DfT000340	Connected Autonomous Mobility	The project will flexibly provide a Connected Autonomous Vehicle (CAV) to organisations within Solihull and WM to allow them to test potential CAV applications related to reducing CO2 emissions, avoiding single occupancy vehicle miles and / or improving organisational productivity.	Solihull MBC	Innovation	Delivery	362,000	250,000
DfT000343	NEC Longabout Solihull	HS2 Ltd have proposals to modify the highway network to the north and east of the NEC, including the A452, which is an important corridor through Solihull and Birmingham. The junction is already a key access point for the NEC complex and Birmingham Business Park, while future traffic will also be making its way to HS2 car parks and the Arden Cross site, near the new Interchange station.	Urban Growth Company	Transport	Delivery	2,606,936	460,000
DfT000344	Urban Carbon Balancing using Biochar	Even with significant advances in technology and working practices the nature of many construction projects means that they will not become carbon neutral without carbon offsetting. A simple and effective carbon sink can be created by sequestering biochar within construction project landscaping. Biochar is produced by	Aston University	Innovation	Delivery	612,000	306,000
DfT000345	SURGE (Astute V2.0)	The latest smart urban technologies to be developed and demonstrated, along with the creation of an extensive suite of advanced prototyping and workshop facilities, which will enable SMEs to rapidly develop prototype hardware.	Aston University	Innovation	Delivery	1,395,000	606,000
DfT000346	Perry Barr Ph II	Redevelopment of the Perry Barr Station and bus interchange to provide a new station building with improved visibility, new booking office and station concourse, improved access and bus interchange including sprint stop.	Transport for West Midlands	Transport	Delivery	25,643,742	1,600,000
DfT000349	Hagley Road SPRINT Phase II - Electric Charging for Buses & Large Vehicles DEVELOPMENT FUNDING ONLY	This project will deliver five electric vehicle charging pantographs and associated infrastructure at three locations in the West Midlands (Solihull Station (2), Birmingham Airport (1) and Walsall Town Centre(2)). The facilities would be able to be used by any bus operator providing a scheduled service whose vehicles are registered with the individual chargers, initially this will be National Express.	Transport for West Midlands	Infrastructure	Delivery	10,137,000	230,000
DfT000350	Cadbury College Science City (STEAM Centre) Phase 1	From October 2020 for a period of 12 to 24mths, Cadbury College will implement its plans for 'Science City' – providing a 21st Century STEAM centre which enables a significant new technical curriculum as an enhancement to the Level 3/A level curriculum at Cadbury College	Sandwell College	Skills	Development	3,509,583	1,754,791
DfT000351	GBS Institute of Technology (IoT)	The partnership will jointly design, develop and widen education and training opportunities aligned to the latest skills needs of leading-edge employers; the local, regional and national economy; and Government priorities for technical education.	Solihull College	Skills	Delivery	4,080,000	1,680,000
DfT000353	Tyseley Incubator for Clean Energy Project UoB - Phase 1	Investment in clean economic growth in the region. Building on the innovation and research located at the Birmingham Energy Innovation Centre (BEIC) at the Tyseley Energy Park (TEP). refurbishment of up to 2000sqm of testing, demonstration and incubation space to drive cutting edge waste, energy and mobility solutions delivered by SMEs across the GBS area.	Tyseley Energy Park Limited	Innovation	Delivery	1,871,000	892,000

DFT000355	Junction Works (Grand Union) Phase 1	Grand Union has made a proposal to create a high quality arts venue in Junction Works, a Grade II Listed building on Fazeley Street. Also part of Warwick Bar, this important and historic canal office building can house several key arts organisations from Minerva Works. The building will become a centrepiece for the redevelopment of Warwick Bar, setting the tone for the scheme with arts and culture at its heart. Total Project Cost £2,602,000	Grand Union	Cultural Sector	Delivery	650,000	325,000
DFTGBS02	University Station	The project will deliver improvements to University Station, to provide significantly improved passenger experience over the current facilities. This is an ambitious project, providing a new gateway to the campus, including access to the world-leading physical, cultural and environmental assets that are located there.	Birmingham City Council	Transport	Delivery	56,000,000	700,500
DFTGBS03	PHTA (Precision Health Technologies Accelerator)	The Precision Health Technologies Accelerator on the new Birmingham Life Science Park will provide the tech innovation platforms, expertise and space for industry to work with Birmingham Health Partners (the University of Birmingham (UoB), University Hospital Birmingham (UHB) and Birmingham Women's and Children's (BWC) Hospital Foundation Trusts) and across the West Midlands health landscape to drive our world class health data and translational research cluster.	University of Birmingham	Innovation	Delivery	93,700,000	1,199,000
LGFGBS01	Journey Time Reliability Improvements to Growth Area - BCC	Package of relatively small highway measures aimed at improving journey reliability time. Seven projects in Birmingham and a further 11 in Solihull. Improvements will help to unlock economic growth by linking to Birmingham City Centre EZ and UK Central.	Birmingham City Council	Transport	Delivery	1,409,000	987,000
LGFGBS02	Battery Way Extension, Tyseley, Birmingham	Creation of a new 700m long, 7.3m wide single carriageway road between the existing Battery Way and Reddings Lane to ultimately unlock a redundant industrial estate. Act as a catalyst for regeneration of the wider Tyseley and Greet areas which are key employment areas for the south-east of the city with more than 15,000 people employed on sites based around the A41 Warwick Road.	Birmingham City Council	Enabling Works	Complete	8,140,000	3,710,000
LGFGBS03	Lode Lane (Phase 1)	Package of public transport, cycling and walking improvements on a major route which provides access to significant development sites including UK Central, Birmingham Airport, and JLR Lode Lane Plant.	Solihull MBC	Transport	Complete	5,240,000	1,790,000
LGFGBS05	East Staffs Growth and Regeneration Programme	Bringing forward development of three brownfield land sites currently in ownership of the council for new homes and commercial floorspace.	East Staffs Bourough Council	Regeneration	Complete	5,790,000	1,500,000
LGFGBS06	Food Technology Hub	Creation of a ground-breaking food technology and food science hub. Driven by industry, the hub will provide access to specialist facilities that will enable skills development for a growing sector with an already identified chronic skills shortage.	University College Birmingham (UCB)	Skills	Complete	1,030,663	341,663
LGFGBS07	Universities@Ibc	Extension to existing Faraday Wharf incubator building at the Innovation Birmingham Campus to provide state of the art enterprise space enabling local universities to collaborate with business start ups and creating 1800 jobs as part of the Enterprise Zone.	Innovation Birmingham	Innovation	Complete	10,293,015	2,493,015
LGFGBS08	Motor Vehicle Training Centre	Establishing a dedicated training facility for engineering SMEs in the supply chain of major companies.	South & City College	Skills	Complete	632,133	241,909
LGFGBS09	Aviation Engineering Training Centre	Creation of an aerospace and aviation centre/academy close to Birmingham Airport providing a link to companies in this sector. Will provide required skills in aerospace engineering particularly maintenance and repair.	Solihull College	Skills	Complete	3,720,006	1,059,006
LGFGBS10	Engineering Centre for Manufacturing Support	Refurbishment and upgrade of facilities to provide training in latest techniques for electrical and mechanical fault finding and diagnostics.	South & City College	Skills	Complete	543,668	230,063
LGFGBS11	Advanced Manufacturing Hub Phase 2 & 3 & Advanced Manufacturing Hub Phase 1 (Concentric Controls)	Delivery of an Advanced Manufacturing Hub on a 20 hectare regional investment site next to Junction 6 of the M6.	Birmingham City Council	Regeneration	Complete	10,662,085	4,412,085
LGFGBS12	Kingswood Lakeside Access Phase 1	Gap funding to support remediation works, access, lighting and drainage works for a prime employment location adjacent to the M6 Toll.	Staffordshire County Council	Regeneration	Complete	10,149,377	800,000
LGFGBS13	Meeting the Skills Needs of Local Businesses	Creation of walk in facilities across the colleges three main campuses that replicate the environment of a commercial recruitment agency.	South & City College	Skills	Complete	28,757	9,754
LGFGBS14	Hagley Road Sprint (Phase 1)	Bus Rapid Transit scheme along the Hagley Road to Quinton, a major upgrade to public transport in this corridor linking key areas of Birmingham City Centre such as Broad Street, Paradise Circus, New Street, Moor Street stations and in the longer term Curzon Street HS2.	West Midlands Combined Authority	Transport	Delivery	7,849,999	4,699,999
LGFGBS15	Ashted Circus, Birmingham Ring Road	Create left-turn slip lanes on both Dartmouth Middleway approaches at Ashted Circus - a key junction for Aston University, Eastside and the Curzon regeneration area. The benefits of this will see future capacity constraints alleviated by providing an additional approach lane on these arms and also offering the benefit	Birmingham City Council	Transport	Complete	8,882,000	5,545,000

LGFGBS16	Longbridge Connectivity Scheme Phase 1	A package of connectivity improvements in and around Longbride and the former Rover site. These include an upgrade of the railway station and a transformation of the existing bus interchange. Furthermore, the Park & Ride facility will be extended and there will be a programme of highway improvements alongside	Birmingham City Council	Transport	Complete	8,999,000	4,860,000
LGFGBS17	Midland Metro Birmingham Eastside Extension	Development fees to support the design and development of the full business case. The Route will link Midland Metro with the proposed HS2 station at Curzon Street and then via New Canal Street through Digbeth to Adderley Street.	Transport for West Midlands DfT	Transport	Complete	5,500,000	5,500,000
LGFGBS18	Snow Hill (Public Realm)	The Snow Hill Public Realm project proposes to introduce high quality public realm improvements and highway interventions to local streets and spaces in the Colmore Business District. This is linked to the ambition to redevelop Snow Hill Station in the future and is in line with the Snow Hill Masterplan.	Birmingham City Council	Regeneration	Delivery	11,378,000	4,660,000
LGFGBS19	Birmingham Cycle Revolution Phase 2	Part of the 20-year Birmingham Cycle Revolution strategy. Developed to complement and add value to existing cycling projects and couples with supporting revenue, phase 2 will support cycle access to major employment sites and Enterprise Zones; better integrate cycle access to opportunity; reduce congestion at	Birmingham City Council	Transport	Complete	7,722,257	6,000,001
LGFGBS22	South Kidderminster Enterprise Park – Hoobrook Link Road	Enable the completion of phase 2 of Hoobrook Link Road which connects the A451 Stourport Toad to the A449 Worcester Road. The road unlocks the 24 hectare former British Sugar Site (known as Silverswoods) and will transform the accessibility to and within South Kidderminster Enterprise Park.	Worcester County Council	Transport	Complete	16,200,000	4,800,000
LGFGBS23	Iron Lane, Birmingham	Major junction on a key section of the A4040 Outer Ring Road, effectively connecting east Birmingham with the M6 and major employment sites. Implementing two new gyratory arrangements to increase junction capacity and reduce congestion. Providing new street lighting and dedicated pedestrian/cycle-crossing	Birmingham City Council	Infrastructure	Complete	12,984,000	5,000,000
LGFGBS24	Metro Ext to Centenary Square	An extension of the Midland Metro from Stephenson Street via Victoria Square and Paradise Circus to Centenary Square, together with a package of complementary highway measures and the creation of a world-class public square.	Transport for West Midlands	Transport	Complete	22,789,000	7,970,000
LGFGBS25	Sustainable Urban Extension - Minworth	Linked to SUE Peddimore. Improvements to an existing five-arm roundabout and a new access junction for the developments. The Unlocking Birmingham Sustainable Urban Extension Package includes works at two locations adjacent to the proposed Green Belt Sustainable Urban Extension. These two schemes will unlock	Birmingham City Council	Transport	Complete	2,348,056	2,280,001
LGFGBS26	Making the Connections	Providing high-quality connections to Southside (via Lower Hill Street), Mailbox (via Navigation St West) and Colmore Business District (via Lower and Upper Temple Street) through a series of public realm improvements.	Birmingham City Council	Public Realm	Complete	982,522	582,522
LGFGBS27	Selly Oak New Road Phase 1B, Birmingham	Highway improvements to the 'Selly Oak triangle', a key junction between the A38 and A4040 providing access to the Life Sciences campus, University of Birmingham, and Queen Elizabeth Hospital.	Birmingham City Council	Transport	Delivery	9,223,001	3,633,001
LGFGBS28	Unlocking Stalled Housing Sites Phase 1 & 2	Programme to support the acceleration of small housing sites across the LEP working with land owners and small developers to bring forward at least 500 new homes in the area. Demand-led to provide grant support to land owners/small developers.	Finance Birmingham	Site Development	Delivery	51,941,000	9,000,000
LGFGBS29	A34 Corridor - Perry Barr - Stage 1	Package of five measures relating to land acquisitions, highway works at Birchfield Roundabout, public realm enhancements, gap funding for new development and bus interchange improvements at One Stop Shopping Centre.	Birmingham City Council	Transport	Complete	2,211,860	1,900,000
LGFGBS31	Wholesale Markets	Gap funding for the relocation of the wholesale markets in Birmingham to its new purpose built site in Witton. Will facilitate major redevelopment of a prime site in the city centre EZ as outlines in the Smithfield Masterplan.	Birmingham City Council	Enabling Works	Complete	25,000,000	3,000,000
LGFGBS32	Life Sciences Campus, Birmingham	Project to begin delivery of a four hectare Life Sciences Campus on a site which is currently contaminated and derelict next to the University of Birmingham and Queen Elizabeth Hospital. Will provide a science park specifically for life sciences businesses capable of supporting over 400,000sq ft of office space, including laboratories.	Birmingham City Council	Regeneration	Complete	15,360,000	5,118,728
LGFGBS34	Journey Time Reliability Improvements to Growth Areas - SMBC	Package of relatively small highway measures aimed at improving journey reliability time. Seven projects in Birmingham and a further 11 in Solihull. Improvements will help to unlock economic growth by linking to Birmingham City Centre EZ and UK Central.	Solihull MBC	Transport	Complete	1,415,467	1,305,467
LGFGBS35	Kidderminster Railway Station	Redeveloping the station area to improve the interchange and increase the catchment area.	Worcester County Council	Transport	Complete	5,855,808	2,407,000
LGFGBS36	WMG Academy for Young Engineers	Support for employer led projects that form the core of the WMG Academy's curriculum in Solihull.	WMG University Technical College	Skills	Complete	2,215,816	1,107,816
LGFGBS38	Redditch and North Worcestershire Centre of Advanced Manufacturing for Education, Training and Assessment	Cross LEP project with WLEP. Relocation of Midland Group Training Services to larger premises with the refurbishment and equipping of the new facility to support demand driven growth for engineering apprentices. Formerly called Engineering Centre of Excellence, project changed the name of the facility as it	Midland Group Training Services	Skills	Complete	1,580,000	350,000
LGFGBS39	Lode Lane Phase 2	Complementary works for Phase 1 of Lode Lane Route Enhancement scheme to provide further corridor improvement works, including delivering additional bus priority, walking and cycling.	Solihull MBC	Transport	Complete	1,691,138	1,686,000
LGFGBS41	Kingswood Lakeside Access Phase 2	Phase 2 continues the remediation of the site to create 24, 749sq m of floor space and 469 new jobs.	Staffordshire County Council	Regeneration	Complete	2,617,461	2,159,308

LGFGBS42	Chester Road	Contribution to the completion of the A452 Chester Road. Highway improvements including capacity enhancements to the main junctions and links on Chester Road.	Birmingham City Council	Transport	Complete	14,060,000	1,000,000
LGFGBS43	National College for High Speed Rail	Construction of the Birmingham campus for the new National College for High Speed Rail to bring forward a new build training facility for delivery of level 4+ skills in engineering to support delivery of HS2 and other infrastructure projects.	Birmingham City Council	Skills	Complete	29,752,460	7,056,014
LGFGBS44	Advanced Life Science Facilities	Allowing for the redevelopment of existing laboratories to provide highly flexible practical spaces for use in subjects across the life sciences.	Solihull College	Skills	Complete	1,020,049	444,617
LGFGBS45	Midland Metro Catenary	Installation of battery equipment on 30 existing and new trams on Transport for West Midlands routes radiating from Birmingham City Centre to Wolverhampton.	Solihull College	Transport	Complete	13,935,328	3,150,000
LGFGBS46	Longbridge Connectivity Scheme - MSCP	Provision of a 5 decked car park on the footprint of the existing Park & Ride car park. This will deliver in the order of 542 additional car parking spaces.	West Midlands Combined Authority	Transport	Delivery	5,738,000	1,800,000
LGFGBS47	Sustainable Urban Extension - Peddimore Site	Linked to SUE Minworth. Improvements to an existing five-arm roundabout and a new access junction for the developments. The Unlocking Birmingham Sustainable Urban Extension Package includes works at two locations adjacent to the proposed Green Belt Sustainable Urban Extension. These two schemes will unlock	Birmingham City Council	Enabling Works	Complete	5,247,000	310,000
LGFGBS49	Changan UK Research and Development Facility	Development of a new state of the art research and development centre on Birmingham Business Park as Changan Automotive centralise part of the R&D functions.	Changan Automotive UK	Innovation	Complete	17,109,965	1,555,965
LGFGBS51	Birmingham Institute of Haematology	Expanding the Birmingham Centre for Clinical Haematology (BCCH) at the Queen Elizabeth Hospital Birmingham by converting 2,100sq m of floorspace in the BCCH building into premises for clinical innovation and research.	Queen Elizabeth Hospital	Innovation	Complete	3,176,557	2,401,779
LGFGBS53	Virtual Reality and Robotics Development Centre	Linking computing and engineering students at Solihull College and University Centre in order to develop the skills required to create and work with virtual reality environments as well as the programming languages used in robotics.	Solihull College	Skills	Complete	382,407	178,444
LGFGBS54	West Midlands Safari Park Skills Academy	Supporting the new build installation of a dedicated Training Academy at the West Midlands Safari Park, Bewdley in the Wyre Forest, which will be operated by Birmingham Metropolitan College.	West Midlands Safari Park	Skills	Complete	532,000	65,850
LGFGBS55	Food and Drink Advanced Manufacturing Facility	Provision of equipment to Birmingham Metropolitan College as part of the facility development.	Birmingham Metropolitan College	Skills	Complete	50,000	24,398
LGFGBS56	Prince's Trust Youth Skills and Enterprise Hub	Creation of Young People's Skills & Enterprise Hub refurbishing in order to create a state of the art building with the aim of up-skilling and supporting unemployed young people into jobs directly or through start-up businesses.	Prince's Trust	Skills	Complete	2,532,773	629,077
LGFGBS57	Steamhouse	Creation of a new purpose built facility for STEAMhouse - a new centre aimed at encouraging the collaboration of the arts, science, technology, engineering and maths (STEAM) sectors.	Birmingham City University	Innovation	Complete	12,983,078	1,000,000
LGFGBS58	Aspirations for All	Refurbishment to bring forward employment related training and development activities for over 200 sensory impaired and otherwise disabled people (Sense service users) and a further 200 Sense Volunteers.	Sense UK	Skills	Complete	1,205,937	1,205,937
LGFGBS59	Tyseley Energy Park	Construction of an Access Road and surface infrastructure route off the A45 through to the Tyseley Energy Park (TEP) enabling off road access – particularly for HGVs, buses, taxis and vans – to support the low/zero emission refuelling hub.	Tyseley Energy Park	Transport	Complete	3,837,716	1,438,498
LGFGBS60	Lichfield Southern Bypass	Construction includes the final 0.67km of a 2.3km bypass. The final phase links two A-roads via a rail underbridge and housing site distributor road.	Staffordshire County Council	Transport	Complete	18,625,000	2,300,000
LGFGBS61	Clean Air Hydrogen Bus Project	This pilot project will introduce 22 zero-emission, hydrogen fuelled buses onto established routes across Birmingham City.	Birmingham City Council	Innovation	Delivery	11,000,000	2,156,000
LGFGBS62	Hybrid Vehicles Training Centre	The project will help to equip the Hybrid Vehicle Technology Training Centre with new vehicles and appropriate tooling, as well as a new lab which will create opportunities for the students to investigate and apply techniques relevant to autonomous vehicle operation and control. It aims to ensure the College's	Solihull College & University Centre	Skills	Complete	562,000	246,637
LGFGBS63	New Manufacturing Engineering Centre	Establishment of a dedicated training facility for manufacturing engineering SMEs in the supply chains of major national and local companies enabling them to obtain a supply of suitably qualified and skilled labour. It directly responds to shortages of skilled labour and provides opportunities for both young people and adults to enhance their engineering skills and safeguard and/or lead to sustainable employment. To promote and support new apprenticeship opportunities in manufacturing engineering.	South & City College Birmingham	Skills	Complete	560,703	245,703

LGFGBS64	Dance Hub	The project aims to extend the fourth floor above the existing Birmingham Royal Ballet building on Thorp Street to provide the One Dance UK cluster with a space to expand and enhance its dance services. The new facilities will create spaces for international and national dance services that are already based in	Birmingham Hippodrome	Cultural Sector	Complete	4,706,264	1,160,264
LGFGBS65	Symphony Hall Extension	This construction project extends and re-models SH's public spaces to create a building that is economically sustainable, vibrant, and connected to the public realm. The planned project will enhance our offer at SH, adding to the cultural and economic development of Birmingham, delivering world-class music and	Performances Birmingham Ltd	Cultural Sector	Delivery	13,200,000	6,000,000
LGFGBS66	National Memorial Arboretum	The NMA New Events Building project will construct a purpose-built 1,308sqm permanent event space which has the potential to attract major national events and generate additional income through corporate hire. Through this NMA will build a long term sustainable business model for the charity. The current visitor	National Memorial Arboretum	Cultural Sector	Complete	8,100,000	500,000
LGFGBS68	Burton Regeneration and Flood Defence	Delivering improvements to flood defences for Burton and the regeneration of the adjacent Washlands area and creating an environmental visitor attraction and better links from the riverside to Burton town centre, the project will also protect homes and businesses. It will be delivered as a collaboration between the	East Staffs Bourough Council	Flood Management	Delivery	24,479,000	3,000,000
LGFGBS70	Redditch Gateway	Redditch Gateway is a 25.5ha commercial development site located on the eastern side of Redditch, with a forecast of up to 1 million sqft of new commercial space; creation of around 2,060 jobs; and £90m additional GVA.	The Council of the Borough of Redditch	Transport	Delivery	3,750,000	1,840,000
LGFGBS71	Commonwealth Games 2022	This project will redevelop Alexander Stadium for the Birmingham 2022 Commonwealth Games, providing a Game Changing Legacy for Birmingham, the GBSLEP region and neighbouring LEPS. The new stadium is required to facilitate track and field events and ceremonies during The Commonwealth Games in 2022,	Birmingham City Council	Skills	Delivery	72,356,000	20,000,000
LGFGBS72	Worcester Street Kidderminster	This project will see Worcester Street's public realm fully regenerated and in so doing, it will deliver the next phase of the exciting ReWyre prospectus for Kidderminster, stimulating investment in the built environment across the eastern side of Kidderminster Town Centre.	Worcester County Council	Regeneration	Complete	1,700,000	500,000
LGFGBS74	Fast Track Into Rail	The proposed project involves the installation of two lines of track at James Watt College in Birmingham. Installation of the track will add value to the rail programmes offer by BMet's new Rail Academy, enabling them to equip learners with the skills to progress into higher level technical skills programmes and careers	Birmingham Metropolitan College	Skills	Complete	50,132	25,132
LGFGBS77	Cannock Chase Engineering Academy	The project entails the purchase and installation of specialist 'Industry 4.0' equipment in order to enable the delivery of 450 4 & 5 level qualifications by September 2025 within the new Engineering Academy established at the Cannock campus of the South Staffordshire College.	South Staffordshire College	Skills	Delivery	1,002,096	500,000
LGFGBS78	A38 Bromsgrove Major Scheme Package 1 Phase 1 Barley Mow	The A38 Major Scheme will support the sustainable growth of Bromsgrove, Redditch and South Birmingham by enhancing the existing A38 Bromsgrove Eastern Bypass and targeting locations where delay and congestion are currently experienced and where conditions are predicted to deteriorate further without	Worcester County Council	Transport	Delivery	440,790	115,227
LGFGBS79	Quantum Technology Innovation Hub	The QTIH will provide entrepreneurial researchers, sensor technologists, systems engineers and businesses with access to demonstration, test and validation equipment locally, with onward links to National Physical Laboratory's (NPL) significant national resources. Collectively, these facilities will help to accelerate the	University of Birmingham	Innovation	Delivery	6,813,284	3,021,000
LGFGBS81	Churchfields Urban Village	This scheme will deliver the highway infrastructure required to access the Churchfields Urban Village. This is a key housing led development site located to the north of Kidderminster town centre, where future development potential (total 287 units) is currently constrained by poor access. The development of this site	Worcester County Council	Regeneration	Delivery	5,578,276	1,578,276
LGFGBS82	Precision Health Technologies Accelerator (Life Sciences Park) Development Funding	The core aim for Birmingham Life Sciences Park is to create a differentiated, research and innovation-focused and financially sustainable Life Sciences Park, providing broader academic and clinical benefit for the University and its key partners, delivering economic and social impact to the region, and beyond, and acting	University of Birmingham	Innovation	Delivery	3,251,437	1,941,400
LGFGBS83	MAC Future Resilience	The project aims to improve visitor experience to enable MAC to become a more financially resilient and innovative business in a challenging economic climate. This application covers three key areas of capital improvements that support enhanced visitor experience: 1) Creation of new purpose built studio and	Midlands Art Centre	Cultural Sector	Complete	1,176,697	400,000
LGFGBS84	Birmingham Energy Innovation Centre (BEIC) (Previously TSESRI)	Tyseley Sustainable Energy Systems Research and Innovation Centre (TSESRI) will be a new build, physical applied research & innovation facility based at Tyseley Energy Park (TEP), which will be instrumental in helping to realise the region's ambitions for the Energy Capital & Tyseley Energy Innovation Zone initiatives.	University of Birmingham	Energy Innovation	Delivery	93,700,000	7,000,000
LGFGBS85	University Station	The project will deliver a new University railway station which is a critical gateway to a cluster of employment sites including the University of Birmingham, Queen Elizabeth Hospital and associated NHS institutions, as well as Battery Life Sciences Park. This project will have 2 OBC and FBC saved, one for GBSLEP	West Midlands Combined Authority	Infrastructure	Delivery	3,830,000	3,330,000
LGFGBS87	Construction Skills for work-readiness	The project seeks to establish a realistic construction site in Solihull which will be run in partnership with a commercial construction company that has experience, through its training company, of delivering successful work ready programmes for the sector.	Solihull College & University Centre	Skills	Delivery	636,093	286,975
LGFGBS91	A38 Bromsgrove Major Scheme Package 1 Phase 2 (M5 & M42)	The A38 corridor has significant congestion with access to and from the M5 and M42 constrained due to limited capacity on the local road network. The overall Scheme aims to relieve current congestion and support planned housing and employment sites, 7,000 homes and 28Ha employment land for Bromsgrove	Worcester County Council	Infrastructure	Delivery	5,229,715	1,146,715
LGFGBS92	The Outpost (Solihull College)	The project seeks to invest in new creative technologies and provide space for employer engagement, creating incubation for student projects, entrepreneurial businesses and facilitating the cross-collaboration of the creative technologies students across games, TV, film, music, events and radio.
